Our Story

We're Jim and Jaime Love, local entrepreneurs who still need to keep our day jobs. We currently live in Calgary with our son Lucas.

We all have things we dream of doing someday and our dream is owning a winery someday. We talked about starting a winery for years, and we were at a crossroads. Keep doing what we were doing, or pursue our dream. Taking a step towards our dream, we partnered with an Okanagan winemaker to make wine that we love.

Our first two wines launched in June 2020 during the pandemic and the local support we continue to receive has been nothing short of amazing. We recently added a Pinot Gris and Syrah to our lineup, all of our wines are available in select stores and restaurants in Alberta.

Thanks for being part of our journey!

Cheers!
